Greater Corktown Development Corporation sponsors the Tour de Troit to raise awareness of biking as a mode of transportation, to publicize the growing greenways network in the City of Detroit and all of Southeastern Michigan, and to raise funds for the ongoing maintenance of the Corktown-Mexicantown Greenlink.

The Corktown-Mexicantown Greenlink is a series of bike lanes and pedestrian paths intended to connect Corktown and Mexicantown to each other and to the Detroit River, specifically the Detroit Riverfront Conservancy's vision for the west riverfront.
